

INT Event Proposal

You must complete this form in 1 sitting and submit the proposal in order to save the data. After the proposal is submitted, Google Forms will send a confirmation notice to the email address submitted in the proposal & include an edit link. Proposers can edit their proposal prior to the application deadline and every time an edit is submitted Google Forms will generate a new confirmation notice & link. Please make sure to use the most current edit link, since they are unique to each submission. Previous link(s) will no longer be valid.

Please allow yourself at least 45 minutes to complete this form and submit. All fields should be filled out completely before the application deadline or your proposal may not be considered

To complete this form, please have the following information prepared before you begin and readily available:

- Organizers info: name, institution, institution address, email, web address (limit 3)
- How many program / workshop weeks requested
- Information on embedded workshop (if applicable): topic, number of participants
- Preferred season (select 2 preferences)
- Designated lead organizer (liaison with INT program coordinator)
- Designated diversity coordinator and diversity plan
- Scientific motivations
- Key goals for the event
- How the proposed event will impact nuclear physics, physics in general, and other fields of research
- Why event topic is important and timely
- What makes INT uniquely suited as a venue
- Minimum of 15 prospective participants: name, institution

Please enter an email address to receive this submission's edit link. Remember to only use to most recent edit link.

* Required

Program with Embedded Workshop

Workshop Preference *

When in the program would you like the workshop to be held?

- Early
- Middle
- Late

Workshop Topic and Justification *

Indicate the topic of your workshop and provide justification for why an embedded workshop is needed.

* Required

Lead Organizer (Required)

Please designate a lead organizer for your event. The 'lead organizer' agrees to be the liaison with the program coordinator. This designation is only an internal one and does not imply hierarchy among the organizers. You can enter up to 3 total organizers (4 requires justification).

NOTE: All organizers should plan on attending at least 1/2 of the weeks of the event.

* Required

Scientific Justification

Scientific Motivations and Impact

What are the scientific motivations & impact for nuclear physics? Please submit a PDF file, not to exceed 5 pages. Please upload here or email intmail@uw.edu.

[Add file](#)

Accomplishments and Goals *

What do you want to accomplish with this event? What are the key goals? (3000 character limit)

Your answer

Event Format *

Describe the format of the proposed event, e.g. the number of talks per day, discussions, etc. (3000 character limit)

Your answer

Importance of Topic *

Why is the topic discussed important and why is the event timely? (3000 character limit)

Your answer

INT Suitability *

Is there something about this subject that makes the INT uniquely suited as a venue? Has there recently been an INT event on this subject or closely related one? Are there competing programs or workshops at other institutions and if so, what are they? Please provide a list. (3000 character limit)

* Required

Diversity Coordinator

A "diversity coordinator" will take the lead in ensuring women and minority scientists are not overlooked in the initial invitation process. We request a list of such candidates when you decide on your first set of people you wish to invite to apply to your event.

Diversity Coordinator *

Should be one of the organizers listed above.

Your answer

Diversity Plan *

The NAC is committed to increasing diversity in INT activities, and an important component of its review of proposals is an assessment of the ability of a proposed event to attract a diverse pool of participants, including women and other under-represented populations in the physics community and early career scientists. Please provide us with a paragraph on how your program/workshop plans to accomplish this goal.
