

Interfaces between structure and reactions for rare isotopes and nuclear astrophysics

August 29 – September 2, 2011

Monday, August 29, 2011

Room C421, Physics and Astronomy Tower

- No seminar

Tuesday, August 30, 2011

Room C421, Physics and Astronomy Tower

- 11:00 ~ Bira van Kolck, Univ of Arizona
"Halo effective field theory"
- 11:45 ~ Discussion

Wednesday, August 31, 2011

Room C421, Physics and Astronomy Tower

- 11:00 ~ George Bertsch, INT
"Extension of mean-field theory for nuclear spectroscopy"
- 11:45 ~ Discussion

Thursday, September 1, 2011

Room C421, Physics and Astronomy Tower

- TBD

Friday, September 2, 2011

Room C421, Physics and Astronomy Tower

- TBD
